Hi, I'm **Kyiakhalid Ruiz** (don't worry, I won't make you spell it—yet! 😊).

Drawing on 25+ years in marketing, communications, and brand management, I am an accomplished player-coach who turns strategic vision into hands-on action to drive success across industries—from finance to tech, retail to CPG, legal services to government, nonprofits and more!

Incorporating timeless marketing and communications best practices with modern digital media and analytics, I help organizations to flourish by developing data-driven growth strategies, partnering with senior leadership, and mentoring efficient and effective teams to increased productivity and success.

No será una sorpresa saber que soy (casi) bilingüe. Si considera que contar con un compañero de equipo que hable español puede contribuir a alcanzar nuevas audiencias, estaré encantado de conversar. ¡Espero su mensaje! (Le agradecería que hablara despacio).

Explore kyiakhalid.com to discover how my [deep expertise](#), [global cultural insight](#), and creative problem-solving can drive your organization's growth initiatives.

Thank you for considering the possibilities!

(PS: You can download the traditional, ATS-friendly Word résumé [here](#).)
